Drinking Water for Our Friends In Uganda

The Upper School would like to raise funds to help communities throughout the world have clean drinking water. A California company, Rain Catcher, is able to take filters to communities in Uganda. This year students would like to direct funds to help the villages around the home of our wonderful international student, Mathias Mugema .

Mathias has shared many stories of his life and given the school community a window into the world. He brought with him many gifts from his country, and we would like to reciprocate. If we can raise \$200, we can supply Mathias' village and its neighbors with several water purifiers.

Mathias returns to Uganda on March 3rd. If you would like to express appreciation for all he has brought to our school community or to help people have access to

healthy drinking water, please give your check (payable to the Waldorf School of Baltimore – Uganda water in the memo line) or cash to Jeanne Engelke or Diane Hrabal in the school offices).
